

## Barriers to the Study of Scientific Subjects and Level of Knowledge of Basic Chemistry

### ADULT LEARNERS' CASE STUDY

#### Adult Learner's Case Study N.: 2

Name, Subject Studied, Place: *Karel, Social Sciences, Upper Secondary School*

#### Description of the Case Study

Reasons of the decision not to continue studying scientific subjects: *There was not chemistry at my secondary school*

Main difficulties in scientific subject learning at school: *Difficult to understand chemistry even at Primary School*

Self evaluation of knowledge of chemistry: *Poor*

Evaluation of the scientific information provided by the media: *There is no information about science, at least at the media that I follow*

Perception of the word "Chemical" : *Scientific, synthetic*

Result of the basic chemistry test: *Fair*
