

## Barriers to the Study of Scientific Subjects and Level of Knowledge of Basic Chemistry

### ADULT LEARNERS' CASE STUDY

#### Adult Learner's Case Study N.: 3

Name, Subject Studied, Place: *Hana S, Economy, Prague Business School*

#### Description of the Case Study

Reasons of the decision not to continue studying scientific subjects: *Not interested in science*

Main difficulties in scientific subject learning at school: *A lot of theory, a little practice, a lot of learning facts then learning by experience*

Self evaluation of knowledge of chemistry: *Good*

Evaluation of the scientific information provided by the media: *Good. There are many ways how to find information, internet is the easiest one.*

Perception of the word "Chemical" : *Opposite to natural*

Result of the basic chemistry test: *Good*
