Barriers to the Study of Scientific Subjects and Level of Knowledge of Basic Chemistry

ADULT LEARNERS' CASE STUDY

Adult Learner's Case Study 9:

Name: *G. Yasemin Şahintürk, Female*

Subject Studied: *Primary Education*

Place: *Kırıkkale*

Description of the Case Study

Reasons of the decision not to continue studying scientific subjects: *Lessons were not related to real life situations, so much abstract knowledge.*

Main difficulties in scientific subject learning at school: *Lack of laboratory hours and lack of equipment in laboratories.*

Self evaluation of knowledge of chemistry: *Fair.*

Evaluation of the scientific information provided by the media: *There is too much information, but the level is generally too simple. Deeper information would be better.*

Perception of the word "Chemical": *Not natural.*

Result of the basic chemistry test: *Good.*
